

Lingo Bingo: How to play

In groups of 3-5 players, choose a caller. The remaining two (or four) will be the players.

The players need a base card; the caller will need the playing cards.

The caller reads the card to the other players, if one of them has the matching square on their base card they can have a go at giving the definition. The caller can see if this is correct by giving the answer.

The winner is the first person to cover all of their squares.
