Monday 20th July: Inner and outer self

Draw and colour what you look like on the Outer Self side of the face. Draw and colour your hobbies, emotions, thoughts, and feelings on the Inner Self side of the face. Have a look at the example pictures at the bottom for ideas.

Tuesday 21st July: Self-portrait

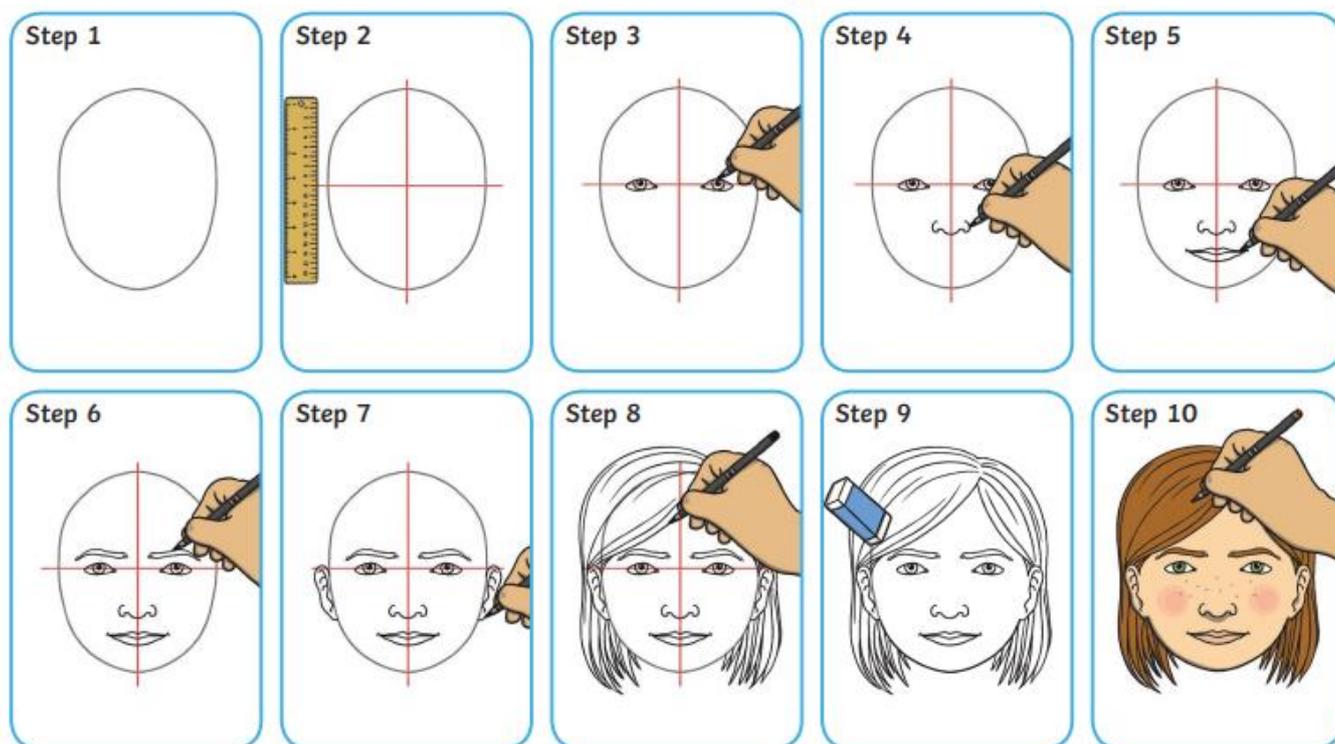

Use this step by step of how to draw a face. If you are not confident, ask someone in your family to start you off by doing steps 1 and 2 for you. This will give you a really good start. It doesn't matter if you make mistakes! It is all about practise and having a go.

Using a mirror or a picture of you so that you can look at your face, don't try and draw yourself from memory! Make sure you look at what makes your face special. Do you have freckles? Glasses? Curly hair?

Here is a fun video you can watch that shows you how to use these instructions. [Click here](#)

Remember: Draw all your lines faintly, so if you do want to change anything, you can. If you press hard with your pencil, it is very tricky to rub those lines out.

Thursday 23rd July: Family portraits

Can you use the things you have learnt so far this week to draw people in your family? Can you draw your friends too?

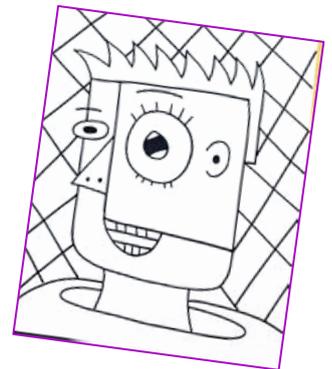

Friday 24th July: Roll a face

Today you are going to become Picasso! Picasso was an artist that loved to do portraits of faces. But, he did this in an abstract way (this means he created portraits using different colours and shapes).

- You need a dice (you can google 'dice roller' and one comes up and rolls for you!)
- Roll the dice and whatever number you get tells you what to draw.
- This video shows you an example. [Click here](#)

Roll a Picasso!

	1st Roll	2nd Roll	3rd Roll	4th Roll	5th Roll	6th Roll	7th Roll
	Head Shape	1st Eye	2nd Eye	Nose	Mouth	1st Ear	2nd Ear

Don't forget to colour it in using lots of different colours!
