

**ROBERT MELLORS PRIMARY ACADEMY**  
**KS2 PERFORMANCE DATE HEADLINES 2018**

There were 29 pupils but one pupil's data will be removed as recent to country. This will increase all the results by a small margin but revised figures won't be published until 2019.

<b>SUBJECT</b>	<b>% Attaining Expected Standard 2018</b>	<b>National % Attaining Expected Standard 2018</b>	<b>Average scaled score 2018</b>	<b>Average progress score</b>	<b>% Attaining Higher standard</b>
READING	68	75	102	-2.4	10
WRITING	79	78	n/a	+ 0.6	21
MATHS	79	76	103	-0.9	7
GPS (Grammar)	79	78	n/a	n/a	24
	School %	National %			
Reading, writing and maths combined at expected	68	64			

What the data does not tell you: there were contextual issues that affected some pupil's performance or meant that they were unable to access the tests, which was outside schools control. These pupils' data is still included in the school figures. Also, for instance; one pupil in her maths got the right answers to some questions but in her haste did not put the right answer in the box for marking, she would have attained a higher level in maths.
