

# Home Learning – Art Attack!

Your class is named after the artist: Bridget Riley

Your task is to: **Create your own optical illusion!**

Stuck for ideas?

- 1) Draw around your hand on a piece of paper.
- 2) In the space around your hand's outline, draw straight lines.
- 3) Inside your hand's outline, join the straight lines with curved lines.
- 4) Colour in the stripes on the paper using two different colours.

Here are some pieces which were created by your class artist to help you.
