

# Home Learning – Art Attack!

Your class is named after the artist: William Morris

Your task is to: Find a motif from the garden to use in a repeated pattern. Remember, William Morris loved the outdoors and nature. Look in the garden or while you are out and about for an image you could use as a motif. Flowers? Plants? Animals? Stones? Clouds? The challenge is to repeat the motif over and over accurately. Can you do it? Don't forget the half drop technique if you can?

Here are some pieces which were created by your class artist to help you.
