

Maths – Shapes

The 2D shapes on the turtles back are hexagons. How many sides and corners does a hexagon have?

Now name the 2D shapes below.

CHALLENGE What sort of a triangle is this?

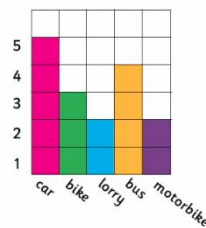

Take a walk around your house and garden, how many of these 2D shapes can you find?

Make a tally of each shape.

Tally

1		6	
2		7	
3		8	
4		9	
5		10	

CHALLENGE Turn your tally into a block graph.

Which shape did you find most of?

Which shape did you find least of?
