

Maths Year 1– Shapes

GUESS THE SHAPE

You need to play this with a partner. Once you have named the 2D shapes below, one of you has to choose one (shhh do not tell your partner which one it is). Now describe the shape to your partner without using its name. Think about how many sides and corners it has, whether it has curved or straight edges and where you might find a shape like this in your house.

Name the 2D shapes below.

Now go for a walk around your house and make a tally chart of all the 2D shapes you can find

1		6	
2		7	
3		8	
4		9	
5		10	

Tally Chart

<u>Shape Name</u>	<u>Tally</u>
circle	
square	
rectangle	
triangle	
pentagon (5)	
hexagon (6)	
octagon (8)	

Challenge

Which shape is the most popular? _____

Which shape is the least popular? _____

How do you know this? _____
