Pupil Acceptable Use Policy (AUP) for Live Lessons using Zoom

APPROVING BODY	LAB
VERSION	2.0
SUPERSEDES VERSION	September 2022-23
REVIEW DATE	September 2024
LINKED POLICIES	Online safety Policy

Parents/Carers must ensure that they read this policy alongside their child before using Zoom to access live sessions.

This AUP is essential for managing and sustaining the integrity and legality of Robert Mellors Primary Academy network and computing resources.

Please read and complete this [permission form](#) (click link) to say that you agree to the following protocols.

These will help to protect you and your child.

- Do not create or use an existing Zoom account for your child. Always join a meeting by following the link the teacher has sent. We will be using our school account for this.
- Make sure the Meeting ID and Password is from the relevant Seesaw message.
- When joining a live session make sure that the name that appears on the screen for your child is their first name and the initial of their surname, so that the teacher can let them into the lesson.
- For your child's safety we may record the session. The recordings are kept for 6 months and no-one is permitted to view them without good reason and only with permission from the headteacher.
- Children and parents are not permitted to start a meeting, make screen grabs, take photos of or record any of the live sessions and share them.
- Children are not permitted to call, chat, set up private groups between each other.
- Ideally, your child should be somewhere in their home away from others so that they can concentrate and so that siblings or other household members will not inadvertently broadcast to the class.
- Children should not be in a room on their own with a closed door and an adult should frequently check in on them.
- Parents should think about what is in the background and if possible blur the background for their child if in a virtual session which involves a camera.
- Children should be fully dressed for live meetings (no nightwear) and wear their school uniform top during sessions.
- Microphones should be muted, unless directed by the teacher to turn them on.
- Your child can use the hands up tool (if available) if they want to talk.
- When written chat is enabled it should be appropriate and polite and your child should never upload anything into this chat.

- Your child is expected to follow the usual high standards of behaviour as they would in school.
- Children/parents must hang up at the end of the session once instructed to do so. The teacher must be the last person in the meeting to hang up.
- Children should not respond to contact requests made from someone they don't know during the live session. They must report any such requests to the class teacher.
- Teaching staff reserve the right to remove a pupil from the meeting if the above rules are not adhered to and appropriate sanctions will be taken.
- We aim to make sure that there are two staff members on the video call.
- There should be no inappropriate content on any of our video calls. Please contact the school if you are concerned about any of the content of the video call.

This runs alongside the school ICT acceptable use policy and online safety policy.
