What I already know:

Year 5

- To explain the main physical and emotional changes that happen during puberty
- To ask questions about puberty with confidence
- To understand how puberty affects the reproductive organs
- To describe what happens during menstruation and sperm production
- To explain how to keep clean during puberty
- To explain how emotions/relationships change during puberty
- To know how to get help and support during puberty

What I will learn now:

- To consider puberty and reproduction
- To explore the importance of communication and respect in relationships
- To consider different ways people might start a family (KS2 Science)
- To explore positive and negative ways of communicating in a relationship
